

LITTLE LIGHT ON MEXICAN SITUATION

Administration Officials Make
No Announcement of Plans
for Dealing With Mexico

STILL AWAIT ELECTION NEWS

U. S. Government Is Still Awaiting News
as to Result of Last Election—Rebels
Plan Final Attack on City of Monterey

REBEL FORCES CONCENTRATING

WASHINGTON, Nov. 1.—Administration officials shed no further light today on their plans for dealing with the Mexican situation. The government here still is awaiting some announcement from the Huerta administration as to the result of the last election.

Reports describing the conduct of the Mexicans and giving impressions of the political situation generally in Mexico were received today by John Lind and Vera Cruz. It is believed that some of the suggestions that are under consideration here have been submitted to Mr. Lind for approval. It is not expected that any announcement on the situation will be made until next week.

Lind Confers With Ministers

Vera Cruz, Nov. 1.—John Lind, President Wilson's representative, received today from the Russian, Norwegian and German ministers, who arrived from the capital last night. He conferred for a long time with the German minister, Mr. Lind said the interview was extremely cordial in character but maintained absolute reserve regarding the subjects under discussion.

Other conferences will be held before the ministers return to the capital tomorrow or Monday.

To Meet Wilson's Agent

Nogales, Mexico, Nov. 1.—Venustiano Carranza, the constitutionalist chief left Hermosillo, the rebel capital today to meet here an agent of President Wilson who is said to be due tomorrow. General Lucio Blanco, military governor of Tamaulipas, arrived today to meet General Carranza.

Know Nothing of Meeting

Washington, Nov. 1.—Representatives in Washington of the constitutionalists of Mexico denied tonight any knowledge of a meeting planned between General Carranza and an agent of President Wilson at Nogales. In official circles it was said the president had sent no messenger to meet with the constitutionalist leaders.

Plan Final Attack

Matamoros, Mexico, Nov. 1.—A final attack on Monterey by the combined rebel forces now in that vicinity was planned today at a conference of constitutionalist leaders at Villa Apodaca, 12 miles east of Monterey. The proposed attack is said to begin as soon as the constitutional forces can be concentrated.

Additional Details of the Fighting

At Monterey has brought to this city today by constitutionalist officers. The destruction of several hundred freight cars and several of the city's largest buildings by bombardment and fire is confirmed. The number of non-combatants killed in the fighting, according to these officers, has been greater than the previous casualties among the troops on either side. The constitutionalists say many of the wealthy classes as well as a number of the poor people who were suspected of aiding the rebels, have been killed by federalists. The constitutionalists had control of Monterey three days—October 22, 23 and 24, but withdrew temporarily upon the arrival of federal reinforcements from Victoria and Saltillo. They claimed to have captured four cannons, ten machine guns and several hundred rifles from the federalists.

Fate Depends on Monterey

San Luis Potosi, Mexico, Nov. 1.—The fate of this city depends on that of Monterey. If Monterey falls it is generally expected that events will move rapidly both here and at Saltillo.

Only a Few Details Have Reached

here of the massacre and mutilation of the 47 mounted policemen by 600 revolutionists while they were protecting LaParada ranch on Thursday. In response to a call for protection from Leo Gracías Alonzo, a prominent merchant of this city, a detachment of policemen was sent from him. They met the rebels twenty miles out and were surrounded only four of them escaping and all of them wounded.

They state that they were simply

overwhelmed and give no quarter, the rebels capturing all their guns and horses.

STRIKERS SURRENDER BUT FIFTEEN RIFLES

GUARDS ARE DISCHARGED AND ARMS
RETURNED TO OPERATORS

No Organized Search Is Made of Ludlow Camp by Troopers But It Is Declared That Over 1,000 Rifles Have Been Carried Away and Hidden by the Strikers.

TRINIDAD, Colo., Nov. 1.—Fifteen rifles, including a pop-gun, was the net result of an armed expedition consisting of two regiments of infantry, two troops of cavalry and a platoon of artillery comprising the Colorado National Guard which left here early today to occupy the Ludlow district and seize the arms and ammunition of the striking miners of the Ludlow tent colony and those of the mine guards in the camps of Hastings and Dalagua.

The pop-gun and fourteen rifles were turned over to General Chase. At the Ludlow colony and at the coal camp the troopers learned that the guards had been discharged with three or four exceptions and that their arms and ammunition had been turned back to the operators. The soldiers with the exception of a detachment of 125 returned to their camps at Trinidad and Watensburg tonight. No organized search for weapons has been made. It is declared that over 1,000 rifles have been carried away and hidden by the strikers.

Welcome State Militia.

A remarkable demonstration was accorded the state militia upon its arrival at Ludlow shortly before noon. Adjutant General John Chase and his staff rode overland from Trinidad with the two troops of cavalry and the artillery. The infantry went from Trinidad and Watensburg on special trains. The arrival of the three divisions at Ludlow was timed perfectly and as the cavalry and artillery slowly circled the tented village occupied by the striking miners and their families, the trains drew up at Ludlow and the infantry men detrained and marched to the colony. Nearly 2,000 men, women and children rushed forward to greet the militiamen. The men carried picks and the women and children American flags and all joined in singing national hymns to the accompaniment of an impromptu band consisting of a coronet and a few harps. The striking parade was headed by John R. Lawson, who greeted General Chase with the statement:

"We know you come in peace and as friends and we greet you as friends."

The soldiers then marched between solid lines of strikers to the Ludlow tent colony where a brief conference was held with Lawson. General Chase then left with a detachment for the camps and Major Williams was left in charge. A few minutes later Major Williams asked that all firearms be turned over to the state.

"Certainly," said Lawson, and leading the way to the commissary tent he pointed out the little stack of firearms. These were turned over to the soldiers, who carried them off. No tents were searched.

OPINION OF LIGHT EXPERT SENT

TO CHAMBER OF COMMERCE

Will Be Given Publicity After Presentation to the City Council—It Is Said to Favor a Tungsten System.

The report on local lighting affairs made by Prof. J. M. Bryant of the University of Illinois was received Saturday by the Chamber of Commerce. The special committee authorized by the Chamber of Commerce to secure an expert opinion on the situation consists of H. J. Rogers, Dr. Edward Rowe and John J. Reeve. This committee met Saturday afternoon and read the report which is quite extensive. It was decided to give it publicity until it has been presented to the city council and to the directors of the Chamber of Commerce.

It is understood, however, that

Prof. Bryant believes a system of Tungsten lamps would be the best and most economical for this city and that he expects a system in proper form would cost \$5,000 or \$10,000 more than the estimate made by the city council.

RECEIPTS SHOW LITTLE FALLING OFF
DESPITE NEW TARIFF ACT

According to Treasury Department Receipts For October Are About \$80,000 Less Than For Same Month Last Year—Statement Shows Deficit for Fiscal Year to Have Increased \$3,900,000.

WASHINGTON, Nov. 1.—Although the new tariff act with its lowered rates of duty had been in effect practically a month, the customs receipts have so far shown little falling off. The deficit for the fiscal year to date, the statement shows, is \$5,757,627, about \$3,900,000 more than the deficit at the corresponding period last year.

Pension payments under the Sherwood act are apparently largely responsible for larger deficiency the payments for the fiscal year through October amounted to about \$52,500,000 and for the same period this year nearly \$57,000,000 an increase of more than \$4,000,000 in this one disbursement item.

The ceremony was simple and impressive and was witnessed by only immediate relatives and a few friends of the young people.

GOVERNOR REFUSES TO TAKE ANY ACTION

Tells Indianapolis Mayor That
Police Are Not Doing Their
Duty in Street Car Strike

NO SERVICE IS ATTEMPTED

President of Railway Is Prepared to Start
Cars at Any Time He Is Offered Adequate
Police Protection for Them

FEDERAL GOVERNMENT MAY TAKE HAND

INDIANAPOLIS, Ind., Nov. 1.—Governor Samuel M. Ralston early tonight emphatically refused to take any action in the street car strike, which completely tied up the service here at noon today. He told Mayor Shank, who admitted that the situation was beyond control by the city authorities, that the police were not doing their full duty and that if they would not do their duty to appeal to Sheriff Theodore Peurieu of Marion county for aid. The mayor tonight conferred with the sheriff but no decision was reached.

No attempt was made to move a car tonight although about 400 strike-breakers were brought into the city this afternoon on a special train from Chicago. President Robert I. Todd of the street railway company said tonight that he was prepared to start the cars at any time that he was offered adequate police protection for the cars.

For more than an hour late today a mob, estimated at 5,000 persons, fought in the downtown business section, before the riot could be stopped by the mounted police.

The trouble started when Joe Hinchman, an inspector for the car company, tried to repair a broken trolley pole on a car. The mob pulled Hinchman from the car and started to drag him to the union headquarters when he was rescued by the police. The crowd started to take the inspector away from the police and the officers had to shoot into the air to drive the crowd back. The crowd continued rioting and fighting the police until the mounted reserves arrived.

Women Have Part in Riot.

Women took a prominent part in the disorder. They stood in the crowd carrying the police and the strike-breakers. Although vehicles of every description were pressed into service the great majority of the Indianapolis laboring people, who did not join the mob that surrounded the Louisville street car barns where the strike-breakers are quartered, walked home tonight.

That the federal government may take a hand in the strike was intimated in a statement by postoffice Inspector William T. Fletcher. The car company has a contract with the government to collect the mail from a number of substations. Inspector Fletcher said that the mails must be collected on schedule and it they were not that the government would start an investigation and make arrests if necessary.

TO THE WOMEN VOTERS.

A communication comes to the Journal with the above caption, signed "A Woman Voter," taking issue with women who declare they will not vote because they did not ask for the ballot. The writer pleads for a woman vote and calls attention to the relation of the white slave traffic and the saloon. By all means, she says, "Appear at the polls and cast a dry vote, remembering that Christ said, 'If you are not for me you are against me.'"

QUARTERLY MEETING.

The first quarterly meeting of the German M. E. church will take place Nov. 2, at 2 p. m. Rev. Mr. Rapp, the district superintendent officiating.

MILITANT ADDRESSES CHICAGO WOMEN

MRS. PANKHURST ON EQUAL SUFFRAGE SOIL FOR FIRST TIME

English Suffragist Makes Her First
Speech to Women Who Have the
Right to Vote—Warns Her Hearers
Against Party Affiliation.

CHICAGO, Oct. 1.—Mrs. Emmeline Pankhurst, the English suffragist, today stepped on equal suffrage soil for the first time and for the first time addressed women who have the right to vote.

"I feel like dancing," she told Chicago suffragettes who greeted her. "But I never dance." She showed her enthusiasm in two stirring speeches and in her remarks during three receptions which extended over many hours.

Mrs. Pankhurst told several hundred members of the political equality league that if the women of Illinois failed in their duty at the polls the fight for "votes for women" would receive a set-back all over the world.

"If you women in this state fail in your purpose and allow yourselves to be used for selfish interests your failure will be felt throughout the world," Mrs. Pankhurst asserted. "But if you cling to your problem of uplift and reform you will succeed and your sisters in other nations will succeed with you."

The English leader warned her hearers against party affiliation telling them to vote for the best man or woman and in the interests of humanity.

Advises Against Militancy.

She also advised them against militancy, saying that American women do not have to resort to violence to obtain the vote.

"It cannot tell you with what a strong feeling of elation and support I am imbued by being with you today," she said. "This is the first time I have addressed a gathering of women that have the right of franchise and there surges within me a strange mysterious influence which I cannot explain."

Mrs. Pankhurst said she was a felon, sentenced to three years of penal servitude. She expects to be re-arrested upon her return to England, she said.

Attack Is "Perfectly Proper."

She thought the attack today upon Premier Asquith by women with dogwhips was as driving in the country, "perfectly proper and another step in the cause for which we are fighting."

The men of Ulster and the Unionists party in general are doing more for the suffrage cause than the south of Ireland," Mrs. Pankhurst told members of the Irish Fellowship club. "The Nationalists have incorporated no references to women in their home rule bill. The Ulstermen have. I wish you men would send word to your leaders in Ireland of the sympathy in America for this cause or women."

Mrs. Pankhurst attended the ball of the woman's trade union league tonight.

MUD SLINGING CAMPAIGN PRACTICALLY AT AN END

BATTLE FOR MAYORALTY IN NEW YORK IS ALMOST CLOSED

Campaign Just Ending Was Novel
In That Economic Issues Were
Buried Under Bitter Interchange
of Personalities—Foes of Tammany United Under Fusion Ticket.

NEW YORK, Nov. 1.—The battle for the mayoralty of New York with attendant skirmishes for lesser offices practically closed tonight ending a campaign in which economic issues were buried under an interchange of personalities and a flood of vituperation. Final speeches will be made Monday and on Tuesday ballots will be cast. The foes of Tammany Hall, united under the standard of Fusion with John Purroy Mitchell as their leader, have centered their first upon Charles F. Murphy, Tammany chieftain.

Mitchell, although a tireless campaigner was eclipsed as an orator by John A. Henssey, a political comet whose course deflected the candidates from their prescribed orbits of campaigning to acrimonious debate largely upon office and revelations resultant therefrom.

Henssey was Sulzer's investigator of graft in state departments and he has made public what he claims to have unearthed in the way of corruption. His bombardment of Murphy and Edward E. McCall, Tammany candidate for mayor resulted in a John Doe investigation by the district attorney and the revelation that former state Senator Stillwater now in Sing Sing for bribery, sought a pardon from Sulzer by turning in former against Tammany. These charges have been met with hot denials.

Both Claim Victory.

Fusion leaders predicted tonight the election of Mitchell by pluralities ranging from 75,000, to 125,000 and Tammany was equally confident that McCall would win by from 50,000 to 100,000.

The turmoil of the campaign has resulted in unloosening the tongue of the Tammany chieftain for the first time in the memory of his followers. Under the assault Mr. Murphy talked daily with reporters and on an occasion issued a long statement.

Hardly less striking than the spectacular charges of Henssey has been the apparent sympathy of the East Side for Sulzer in his fight for election to the assembly on the Progressive ticket in the sixth district.

The former governor also waged a campaign against Aaron J. Levy, Democratic leader of the assembly, who is seeking election as municipal court justice. In the epidemic of mudslinging one figure has been untouched. This is Charles S. Whitman, district attorney and candidate of all parties and fraction for reelection.

Of minor interest are the contests for congress in two districts and for state senator in the district by Stillwell, before he was sent to Sing Sing.

WON'T LOCATE IN ALABAMA.

Mr. and Mrs. Homer Hanks of Manchester have returned from their trip south. They visited the Alabama-Mississippi interstate fair at Meridian, Miss., and then went over the line to Livingston, Alabama, for several days, where Mr. Hanks looked over the cheap land proposition. One of their greatest objections to their investing in that region was the great predominance of blacks over whites, about five negroes to one white man, Mr. Hanks thinks. Those white people who were there were a very desirable class of neighbors, but a little too strong the other way for Mr. and Mrs. Hanks. While it is his opinion that the land is pretty well worn out, cheap in quality as well as price, in that immediate section, he also thinks it would make a good stock country if one wishes to take the time to work it out, as native grass and clover even thrive on the soilless soil.

ARGUE BANK CONTROL AND CAPITALIZATION

Senate Committee Spends Hours
Debating Control of the Four
Regional Banks Proposed

VOTE DOWN HITCHCOCK PLAN

Senator Hitchcock's Proposition to Capitalize
ize System at \$100,000,000 to Be Sub-
scribed by Banks Rejected by 7 to 4 Vote

O'GORMAN'S PLAN NOT DISPOSED OF

WASHINGTON, Nov. 1.—A snarl was reached today in the running discussion of the administration currency bill by the senate banking committee when the committee spent hours in debating the capitalization and control of the four regional banks tentatively proposed to administer the new system. The debate at times waxed vociferous and tonight the committee adjourned until Wednesday without affirmative action on the question. Several members took the position that hope for a unanimous report from the committee hinged upon the question of the control of the regional banks which may lie either in the government or the member banks. The supporters of the strict government control theory declared that they would combat any bank control of the banks even to a fight on the floor of the senate. Administration supporters in the committee adhered to the plan in the administration bill as it came from the house by which the banks would elect six directors of each regional bank and the federal reserve board would appoint three. The board, however, would have the power to remove three of the bank directors.

Reject Hitchcock's Proposal.

The committee rejected a proposition advanced by Senator Hitchcock by which the entire system would be capitalized at \$100,000,000 to be subscribed by the banks underwriting the stock and selling it to the public. This \$100,000,000 would be under the absolute control of the federal board which would distribute it among the regional banks as conditions warranted. The committee voted this down 7 to 4.

Senator O'Gorman proposed that each regional bank is capitalized at 10 per cent of the national bank capital in the district which it served and that each bank control its own capital. The first would require the banks to underwrite the stock and offer it to the public. The second would require the banks to subscribe the amount of five per cent of their capital stock and would leave the remainder open to public subscription.

Senator O'Gorman's plan was not disposed of today. The committee deferred further meeting until Wednesday owing to the absence of several members who have left Washington on account of the election.

WOMAN'S COLLEGE NOTES.

The Young Woman's Christian association gave a very unique and unusual entertainment last Monday night, Oct. 27. There were different groups of students who represented the association work as it is carried on in foreign countries. The entertainment was closed by a tableau in which all those taking part in the program appeared. It was one of the most instructive of the entertainments given during the school year.

President Harker has returned after attending the convention of Methodist men in Indianapolis.

The first number on the Artists' course is a concert given by Cornelia Van Vliet, cellist for the Minneapolis Symphony orchestra, assisted by Marie Edwards on the piano. Both of these artists need no introduction to music lovers in Jacksonville. Season tickets for the course may be reserved at Brown's music store. Those wishing single admissions may get reserved seats at the door that night.

The Halloween party was celebrated Saturday night in Music hall. The entertainment was in charge of the College Specials, with Miss Editha Parsons, class officer.

The special musical numbers for the mass meeting of Jacksonville women, held last Sunday afternoon at Centenary M. E. church, were furnished by members from the College of Music faculty. Mr. Donald Swarthout, who presided at the organ, gave for the opening number one of his own compositions, a Fantasia in B flat minor; Mr. Max L. Swarthout played a violin solo, Meditation from "Thais," by Massenet; while Mrs. Hartmann sang "Ring Out, Wild Bells," from Gounod.

STEWART'S TOE WON FOR ILLINOIS

WESLEYAN DEFEATED NEAR CLOSE OF GAME.

Hard Fought Gridiron Contest Swung to Locals by Score of 10 to 9—Victors Outweighed Illinois and Were Also Older Men—I. C. in Line for State Championship.

Stewart's famous kick from field in the last three minutes of play yesterday won for Illinois college a terrific football struggle from the strong Wesleyan team 10 to 9. The visitors outweighed Illinois by several pounds and were more experienced men. Illinois played the game of her life, good team work, wonderful defense and offense and a grit that increased as the game progressed. Alford's line plunging, Mitchell and Stewart's big gains, the stellar work by Frisbee and Wilson were features in the all round playing of the local squad. Butler was the star for the visitors and Doocy and Canfield played consistently. The struggle that Wesleyan put up to overcome Illinois' lead in the last few minutes of play was strenuous beyond telling. By Illinois' defeat, Wesleyan and Canfield, having defeated Williams & Vashli, Illinois is in line for the state championship when Illinois was eliminated yesterday by being defeated by Williams & Vashli by a score of 22 to 0. The story of the game follows:

First Quarter.
Wesleyan won the toss and chose to defend the east goal. Frisbee kicked off to the 23 yard line and Wesleyan made a ten yard return. Tackled by a series of line plunges interspersed with end runs Wesleyan carried the ball far into Illinois territory. When the blue and white defense stiffened on their 22 yard line, Dunham dropped back and attempted a drop kick from the 20 yard line, but the ball went wide. Illinois chose to scrimmage on the 20 yard line. Alford made five yards between guard and tackle on the first play. A fifteen yard penalty forced Stewart to kick. Cranfield carried the ball back ten yards. Two incomplete passes and a fifteen yard penalty forced the visitors to kick and Stewart kicked the ball ten yards. Stewart made 12 yards on an end run. Illinois was penalized, being off side. Wesleyan suffered a five yard penalty for off side play. Line plunges, end runs and tackle plays netted 42 yards. At this point Coach Muhl jerked out Harp, left guard, and sent in Bailey to strengthen their line. Illinois was penalized fifteen yards for holding. Then came one of the most exciting points in the game. Wilson threw a long pass of 23 yards, which a Wesleyan man attempted to block but the ball bounced from his hands into Stewart's waiting arms, and the eluding several Wesleyan tacklers ran 18 yards for a touch down. Wilson caught the point out and Frisbee kicked goal. Score Illinois 7; Wesleyan 0.

Wesleyan kicked off to Wilson on Illinois' fifteen yard line and he returned 20 yards. On the next play Illinois was penalized fifteen yards for holding. Here the quarter ended with the ball on Illinois' eighteen yard line in Illinois' possession.

Second Quarter.
Alford opened the second quarter with a punt of 12 yards through tackle. Stewart punted 45 yards to Cranfield who brought the oval back fifteen yards. Wesleyan was off side and lost five yards. Failing to gain through the line the visitors kicked to Illinois' 20 yard line. Three plays made the first down but Wilson fumbled on Illinois 23 yard line and Wesleyan recovered the ball. Seven line bucks for a total of 22 yards brought the ball to Illinois' ten yard line where Wesleyan fumbled and lost the ball. Stewart punted 55 yards but Wesleyan being off side the ball was brought back and the visitors were penalized five yards. Coach Muhl at this point took out Canfield and sent in Smith. Alford made 10 yards through the line and Spruit added five. Stewart punted 45 yards to Dunham, who made a brilliant return of 65 yards carrying the ball to Illinois' ten yard line. The blue and white line encouraged by the frantic cries of their supporters made a wonderful stand and Wesleyan was forced to take four downs to carry the ball over. McFarland scoring the touch down. Dunham missed goal. Score Illinois 7; Wesleyan 6.

Wesleyan kicked to Stewart who returned ten yards to Illinois' thirty yard line. An end run by Wilson and line plunges by Alford gained 9 yards. On the next play Wesleyan recovered a fumble. Wesleyan was then penalized fifteen yards for holding, on Illinois 45 yard line. A forward pass to Doocy gained 20 yards and a line plunge added five more. Dunham attempted to drop kick from the 35 yard line but it was blocked. Stewart fumbled the ball and in attempting the recover it received an injury to his neck, the quarter ended with the ball in Wesleyan's possession on Illinois 12 yard line. Score Illinois 7; Wesleyan 6.

Third Quarter.
In the second half Gary relieved Stewart at quarter, who sustained an injury. Illinois chose to defend the east goal and Wesleyan kicked off to Wilson who returned fifteen yards to Illinois thirty yard line. A fifteen yard penalty brought the ball to the fifteen yard line. After gaining seven yards on two plays, Russell attempted to kick, but Butler blocked it and recovered the ball on Illinois' ten yard line. Butler, however was off side and the ball was brought back. Wesleyan received a five yard penalty.

Wilson made a brilliant run of 13 yards around left end, but Wesleyan intercepted the ball on a forward pass on Illinois' forty-five yard line. After carrying the ball to the 12 yard line Wesleyan was penalized five yards for being off side. Dunham dropped back to the 25 yard line and kicked a pretty field goal. Score Wesleyan 9; Illinois 7. Wesleyan kicked off to Frisbee who returned 17 yards to Illinois' thirty-five yard line. After gaining 10 yards Russell attempted to kick but the ball was blocked and Illinois recovered on the 38 yard line. A pass of Gary to Frisbee gained 10 yards but the next attempt went out of bounds and time was called with the ball in Wesleyan's possession on the visitors' 32 yard line.

Fourth Quarter.

After gaining ten yards at the opening of the 4th quarter Wesleyan was penalized for holding and kicked to Gary who returned ten yards. Illinois fumbled on Wesleyan's 48 yard line but soon regained the ball on an intercepted pass. Then starting with a rush the blue and white backs and tackles carried the ball by leaps and bounds to Wesleyan's two yard line where they were held for downs. The visitors failed to gain and kicked to the 40 yard line. At this point Darrah who played a plucky game against his heavier opponents was succeeded by Atchison. Wesleyan intercepted a pass on Illinois 28 yard line and was penalized 15 yards for holding. When a fake kick was thrown for a seven yard loss the visitors kicked to Wilson who returned 15 yards to Wesleyan's 30 yard line. Spruit was injured and forced to leave the game. Mitchell was shifted to the back field while Russell took his place at tackle and Lukeman entered the game at guard. Frisbee gained 15 yards on an end run. Stewart, who now reentered the game kicked a place kick from the 25 yard line. Score Illinois 10; Wesleyan 9. Wesleyan made strenuous efforts to stem the tide and carried the ball across the field to Illinois 20 yard line, here a drop kick was blocked with Frisbee on Illinois' 19 yard line as time was called.

Immediately after the "big" game was over the Tigers of the State School for the Deaf and the second team, or Reserves, of Illinois college took to the field. The teams were evenly matched and a good game was the result. The spectators were enthusiastic and applauded both teams impartially. The Tigers failed to warm up until well toward the close of the contest but when they did get started, put up a fast game. The Reserves excelled at the open game while the deaf boys were stronger at the old style of game. Fumbling was a fault of both teams. The forward pass was used to great extent but neither team gained much ground on it as both were good at intercepting. Two touchdowns were made for the Tigers by Friday, who had good interference. He failed to kick goal both tries. The Reserves kicked well, but the swift runners from the State School were a little too much for them. Another game between these eleven will be played next week on the I. S. D. grounds. Coach Harmon officiated as referee-umpire and Prof. Rayhill as timer.

TREAT FOR BIRD-LOVERS**AT FREE LIBRARY LECTURE**

Henry Oldys, Expert on Birds and Their Music, to Speak Tuesday Evening—Endorsed by State Audubon Society.

"Birds and Bird Music" will be the subject of an entertaining lecture at the public library next Tuesday evening, Nov. 4, at 7:45 o'clock. Reproductions of the bird songs will be given by Henry Oldys of Silver Springs, Maryland, who comes under the endorsement of the Illinois State Audubon society. Mr. Oldys is known to ornithologists, bird lovers, and the general public through his lectures throughout the United States, his articles in Harper's, The Atlantic, The Independent, Lippincott's, The Auk, and other magazines, and his active efforts, official and unofficial, in behalf of the protection and preservation of birds and game.

Dr. Fewkes of the U. S. National Museum says: "The rare ability which Mr. Oldys brings to this study, and the patience with which he has followed it, make what he says on the subject of bird music authoritative." The Los Angeles Times calls him "A marvelous imitator of bird notes" and the Portland (Ore.) Oregonian says that he proved to be a most excellent story-teller. This lecture will be free and all bird lovers are urged to come early since the number of the seats will be limited.

ESCAPES ARREST AFTER SHOOTING DUCKS.

The federal law, which became effective October 1, prohibiting the shooting of ducks on the Mississippi river, contemplated hunters would shoot from the banks or from boats and did not figure on shooting from a hydroaeroplane. Tony Janus went duck hunting, flying up the river nearly to Alton, where eight ducks were shot. On the return trip Janus ran out of gasoline in North St. Louis and telephoned to send a supply, incidentally he told of the eight ducks and was warned that if he killed on the river he had broken the new federal law. The cargo of ducks was unloaded in North St. Louis and a game warden, who had heard the news and was waiting for Janus at the foot of Market street, did not find even an incriminating feather.

Garland & Co. are showing the genuine mackinaw coats, \$5.00 to \$10.00.

NO MORE MORE WOMEN IN SOLDIERS' HOME.

The Soldiers' Home at Quincy, under Col. John Andrew as superintendent has become so attractive that it is almost full to overflowing. The state admits the wives of veterans and when a veteran dies at the home, his wife is permitted to stay on, but widows are not admitted. He has opened five cottages in addition to the large buildings built for women, to accommodate veterans and their wives and still is unable to provide for more. No more women can be admitted on account of lack of accommodations. There are 1,500 people in the home, 200 more than were there last year and 235 are women. Old soldiers are arriving in large numbers every day and soon there will not be sufficient room to accommodate more.

YOU CAN'T BEAT OUR VALUES

We would have to issue a catalog to contain all the rare values we have to offer you just now in the way of winter necessities—and the story of how we managed to assemble such a stock and the skillful manoeuvring it required to make possible the low prices, would be too long and technical to be interesting. So we sum the whole proposition up in the above heading "You Can't Beat Our Values" and reduce our argument to the one word "Investigate." Do this and we have no fear of you going elsewhere to buy. We are prepared to offer you—at the lowest prices quoted in the city—the best there is in Hosiery, Underwear, Comforts, Blankets, Automobile Robes, Outing Flannel Gowns, Gloves, Dress Goods, Silks, Furs, Outing Flannels, Flannelettes, Bath Robe Patterns, Etc., Etc.

Administration By Trust Companies

Until quite recently estates were administered by individuals only.

A need was recognized for a method of administration of greater permanency and responsibility than that to be had of the average individual and the modern trust company has been evolved. A creature of law, it has required time to perfect it and to disseminate a knowledge of its many functions and its usefulness.

People are learning that the management of estates is a business in itself and more and more estates are being placed in control of trust companies. In those communities where these companies have been operating for some time they are handling a large number of estates in a satisfactory manner.

Trust companies under the supervision of the state, safeguarded by ample capital and of assured permanency have exceptional capacity for administering managing, holding and distributing estates.

Generally the entire affairs of the estate are turned over to the trust company, but sometimes a member of the family or a friend is made co-executor. Then the trust company handles the detail work of the estate subject to the approval of the co-executor.

Perhaps in making your will you may desire such an arrangement as this. By it you secure the system, responsibility and experience of the trust company assisted by the co-executor.

We suggest this plan as one that may appeal to you. You are invited to consult us confidentially and without cost.

THE JACKSONVILLE JOURNAL
Established 1843
Published by
JACKSONVILLE JOURNAL CO.

The story has been circulated in order to deter women from voting that if their names get on the poll books that they will be subject to the poll tax. The fact is that the poll tax can be collected only from male voters between the ages of 21 and 50.

So far as possible it will be well for women who vote in the election Tuesday to go to the polls with the men of the family. In many cases this will make identification easier.

And here is an employer's viewpoint. An officer of one of the largest employing concerns in the city said yesterday: "I have not paid much attention to the situation and do not know whether the majority vote Tuesday will be wet or dry. I do know, however, that when there were saloons in Jacksonville that many of our pay checks were cashed in saloons and that it was the usual thing for at least twenty men to be off for two or three days following pay day. Without saloons we do not have this trouble."

Men testify that the proximity of liquor shops has much to do with forming the drink habit. A well known merchant on the square, a man who is very frank and open about his life and habits, volunteered this: "Six years ago I was not so certain about my position but I am glad today that Jacksonville has been without saloons. As I look back I remember that with saloons close at hand, with a constant invitation extended, that I too often took a little liquor. It is more than likely that six years more would have seen the habit pretty firmly established with me. When saloons went I gradually quit and I am glad today as I think about it."

MEN OF JACKSONVILLE

There are enough men in Jacksonville precinct who are opposed to the return of the saloon to keep the precinct dry, if they will go to the polls. Men should not place the burden of keeping the precinct dry upon the women. They should not neglect to vote because they are confident the precinct will go dry anyhow. The men voters should vote the precinct dry just as they did in the former local option contests. There is no use taking a chance on the remote possibility of the supreme court holding the Illinois equal suffrage law unconstitutional.

THE INCOME TAX LAW.
The democratic income tax law, became effective yesterday. Speaking more correctly the law was designed to become effective yesterday but thus far no sage has arisen provided with sufficient wisdom to figure out just what the law means and how it will apply in all cases. Meanwhile the big bankers and the little bankers of the country are being flooded with inquiries as to how the new measure will affect them and the bankers, have after diligent study framed one answer which fits all cases, "we don't know." Application to the revenue department at Washington it is said has not resulted in any additional light on the tangled subject. The greatest difficulty seems to be with reference to exemptions and quite naturally everybody who has an income which apparently comes within the terms of the law is striving to figure out how the exemptions can apply in his or her case. New York bankers according to the dispatches confess that they are all at sea in the matter and as they are required by law to hold back the tax in paying interest on securities in certain cases, and as they are unable to determine what those cases are, interest due Saturday on \$18,000,000 of securities in New York was deferred. However, it is likely that government officials, law makers and lawyers will eventually be able to clear up the intricacies and mysteries of the law.

PLAGIARISM.
Plagiarize all you please, provided you steal from the right source. For the secret of individuality is familiar with the masters. The great geniuses were meant to be objects of plagiarism. To be plain, the more you absorb of a first class mind the more your own originality is fed. Plagiarism is only a crime when it is a theft of common places from mediocre sources.

Let the young musician soak full of Beethoven, Wagner, Mozart and Mendelssohn; that is the surest way for him to find himself. To absorb comic opera music is the way to smother, lose and kill himself.

Let the young preacher preach Bushnell, Robertson and Brooks; so doing he will come to preaching himself.

As for writers, there is truth in the advice given by a great man that the best way to acquire a good style is to read Addison and exercise one's self in endeavoring to re-write him.

You cannot plagiarize the Bible, nor Shakespeare, nor Homer, nor Dante, nor Milton. These have ceased to be men; they are humanity. You can plagiarize Shaw, or Brete Hart, or the last "best seller." To insulate one's self from the masters is not the road to originality; it is the road to vulgarity.

"Few English authors," says Hammett, "studied past literature more willingly than Shelley and Tennyson, and none are more original."—Dr. Frank Crane in Woman's World.

FINDS PETRIFIED HUMAN FOOT.
John Magill, employed in the Lovington mines, unearthed what appeared to be a petrified human foot. It was imbedded in the rock 1,000 feet below the surface of the earth. The foot has been sent to experts for examination.

FIGURES THEN AND NOW.

Rev. W. E. Spoonts, who is relentless in his warfare to keep Jacksonville a dry city, has compiled the following significant statistics:

Some Court Records.
Police records show that in 1909 there were 131 general arrests and that 32 of them were for drunkenness. In August of the same year there were 117 arrests and 46 of them for drunkenness.

Drunk-ness.
1906. Total Arrests.
July 131 32
August 117 46
September 113 49

Totals 361 127
1913—
July 24 6
August 23 7
September 30 5

Totals 97 18
In 1906 there were seven vacant store rooms on the square and today there is one.

In 1906 there are said to have been more than fifty "scarlet women" in Jacksonville and now there are fourteen acknowledged to be of that class.

In 1906 there were 54 criminal cases on the docket and in 1909 there were 17. Real estate agents testify that there were more modern houses for rent when saloons were here than is true now.

Post Office Receipts.
For years ending March 31:
1906 \$25,684
1907 40,368
1908 40,323
1909 43,431
1910 46,371
1911 47,089
1912 48,720
1913 51,408

Jacksonville Bank Clearings.
Year 1905 \$13,962,365.01
Year 1906 13,413,151.81
Year 1912 15,696,388.15
Increase, \$2,283,236.38.

Deposits.
One Jacksonville bank on December 3, 1907, had deposits of \$803,627.03, and Oct. 31, 1913, \$1,291,718.19. In considering bank deposits and clearings it is also fair to remember that during 1911, 1912 and 1913, crops conditions in this locality have been far below normal.

Peter D. Megginson, the Republican candidate for county commissioner has served before in that capacity with great acceptance. He is high class farmer and business man and has the experience and judgment needed for the position. There should be minority representation on the board.

LOAF GUESSING CONTEST

COMPLETED SATURDAY.
Large Number of People Tried For Prizes Offered By Graham Hardware Company—Guesses Varied Greatly.

A great deal of interest attached to the weighing of the great loaf at the Graham Hardware Co., store Saturday afternoon. For several days people had been allowed to register guesses as to the exact weight of the great loaf and these varied from twelve pounds to eighty-five. The time for filing guesses expired at 3 o'clock and at that hour Mr. Graham removed the loaf from the window and it was weighed by T. Haskell and J. W. Walton and tipped the scales at exactly twenty pounds and four ounces. A scanning of the record showed that P. A. Pickle was entitled to the first prize and Raymond White the second. The former guessed twenty pounds and the latter twenty and a half. There were some other guesses the same as these but they were filed later. Subsequent to the close of the contest the South Bend Malleable range in which the loaf was baked was sold to Guy Bender of Alexander. The loaf which despite its great size was thoroughly baked was given to the captain of the Salvation Army. Two dollars in merchandise was given the winner of the first prize and \$1 was given the second winner.

SAYS CHARGES IN BILL
ARE WHOLLY FALSET. L. Cannon Enters Denial to Al-
legations Made By T. E. Lyon.

In the Journal Saturday morning mention was made of the fact that T. E. Lyon had filed a suit in the Circuit court as the result of an exchange of properties he had with Thomas L. Cannon. In the bill various allegations were made and as anyone knows who is at all familiar with court proceedings, these allegations or charges have not been proven. The charges made in court bills do not reflect upon a man's character for in cases of this kind as well as in other lawsuits a man is accounted as innocent until he is proven guilty. The Journal had no thought of in any way casting reflections upon Mr. Cannon or of doing him any injury and at his request and that of his attorney J. O. Priest is glad to give space to the following communication.

Jacksonville, Ill., Nov. 1, 1913.

To the Editor of the Journal:

In this morning's Journal you have done me a great injustice in publishing the statement that T. E. Lyon has filed a bill against me, charging me with juggling prices, etc., in a trade with him. There are no such charges in the bill, and if there was, they are absolutely false. If you will be as quick to publish the decree of the court in this case, when rendered, as you have to make the statement in your paper this morning, I will thank you.

Respectfully yours,
T. L. CANNON.

SUIT TO DISSOLVE HARVESTER COMPANY

Circuit Judges Sanborn, Hook and Smith to Sit on Case—Government alleges Company was Organized in Violation of Sherman Anti-Trust Law.

St. Paul, Nov. 1.—The suit of the United States vs. International Harvester Company to dissolve it, will come on for hearing in the United circuit judges Sanborn, Hook and Smith on next Monday. In its petition, which was filed April 30, 1912, the government alleges that the International Harvester company was organized in 1902 as a trust, in violation of the Sherman law; that its purchase of the plants, properties and business of the McCormick, Plank, Deering, Warder, Bushnell & Glassner and Milwaukee companies created in that company a monopoly of the business in binders, mowers, rakes and binder twine in the United States; and that, in its business methods and practices, the company had increased its prices, to the grave injury of the farmers, and had coerced dealers and eliminated competitors.

The company, in its answer, filed August 5, 1912, admitted the purchase of the harvester properties and business of the five vendor companies, but denied that the company was organized for any unlawful purpose or that such purchase gave it a monopoly in the harvester trade, or that it had increased prices, or that its business methods and practices had injured the farmers or the dealers, or its competitors, but, on the contrary, its answer stated that its organization and business had been a benefit to the farmers in improved machines and service, and in the low prices of the machines.

The taking of evidence on behalf of the government began at Chicago on September 16, 1912, before Robert S. Taylor, examiner. The government called witnesses at hearings held in Chicago, New York, St. Louis and St. Paul.

On behalf of the Harvester company witnesses were called at hearings held at Omaha, Neb., Wichita, Kans., Kansas City, Mo., Sioux Falls, S. D., St. Paul, Minn., Pittsburgh, Pa., and Chicago.

The taking of evidence was completed on June 27, last. The record returned to the court by the examiner consists, with the exhibits, of 18 printed volumes of about 600 pages each.

This case is believed to be a record, both in the number of witnesses examined and in the short time taken in preparing the case for hearing.

Counsel representing the government are Edwin P. Grosvenor, special assistant to the attorney general of the United States; and for the defendants, Judge William D. McHugh of Omaha, and John P. Wilson and Edgar A. Bancroft of Chicago.

I hereby announce myself a candidate for Democratic county commissioner.

GREAT INTEREST IN THE NEW YORK ELECTION

One of the Most Important Campaigns in History of Great Metropolitan Has Practically Closed.

New York, Nov. 1.—Amid a blaze of oratorical pyrotechnic and political rallies, one of the bitterest and at the same time one of the most important municipal campaigns in the history of New York city tonight reached its climax. The candidates and other speakers will continue on the stump almost until the opening of the polls next Tuesday, but for all practical purposes the campaign may be said to have closed with the big rallies held tonight in every section of the city.

What will be the story told by the ballots next Tuesday? The usual expressions of confidence, of course, are emanating from the headquarters of the various candidates and parties, but as a matter of fact the situation today is such as to render all guessing on the results absolutely futile and worthless.

No Campaign Like It.

There never has been a campaign like it; there never has been a situation that could approach it for complexity and uncertainty. And there never has been a campaign that could exceed it in genuine bitterness and vituperation.

In its broader aspect the contest does not differ from other mayoralty fights that have taken place in New York city in late years. It is a straight-out fight for and against Tammany Hall—a fight by Tammany to retain control of the city government and millions in annual patronage and a battle by the opposition, carrying the Fusion banner to overthrow the strongest political organization dominating any American city.

But unlooked for developments since the campaign began have served to complicate the situation. The first event to upset the calculations of the political leaders was the sudden death of Mayor Gaynor, who, had he lived, would undoubtedly have made a hard fight for re-election as an independent candidate.

The removal of Mayor Gaynor from the contest simplified the situation in a measure and unquestionably relieved the mind of Tammany Hall in a small degree. Tammany never relished the idea of Gaynor heading an independent movement. With but two tickets in the field, the Tammanyites have declared right along that they felt certain of victory.

The Sulzer Issue.

But no sooner was the Gaynor bugaboo out of the way than the Sulzer issue bobbed up to disturb the rosy dreams of Leader Murphy and his Tammany cohorts. There are many astute politicians who do not think it is putting it too strongly to say that Sulzer is now the real pivot of the campaign.

The pro-Sulzer sentiment mostly is confined to the East side, where Sulzer is well known and liked by the large foreign element. Tammany realizes this and during the last week of the campaign has bent every effort to save its East side districts. The Tammany speakers have done their utmost to force other issues to the front to obscure the Sulzer matter. The Fusionists, on the other hand, have worked to keep the Sulzer issue in the public mind.

Edward E. McCall, the Tammany standard bearer, needs little mention. Profiting by the mistakes of the past the organization carefully selected a man who was considered not likely to assert the independence of the Fusionist cause. He was displayed by McCall, Gaynor and one or two others after Tammany had set them safely in the mayor's chair.

Opinion differs as to the strength of John Purroy Mitchel, the Fusion-

ist candidate for mayor. Mr. Mitchel has a clean record and his capability for the office he seeks is unquestioned. He has been endorsed by every element of the Tammany opposition, even Mr. Hearst's Independence league, which in previous campaigns has been a thorn in the side of the anti-Tammany forces.

Fusion Leaders Disturbed.

Disquieting to the Fusion leaders however is the attitude of some Republicans. They make no bones of saying that they would have preferred District Attorney Whitman as the anti-Tammany candidate for mayor. Should the present city ticket be victorious the Republicans would have only one of three officials Controller Prendergast, Mr. Mitchel is, of course, a Democrat, and Mr. McAneny, candidate for president of the board of aldermen, likewise.

Herman A. Metz for controller and Joseph A. Goulden for president of the board of aldermen are regarded as strengthening factors on the Democratic or Tammany ticket. On the other hand, the Fusionist ticket, excepting its head, is weakened by the fact that the Independence league has named its own candidates for the two minor offices.

The results of the struggle, it is needless to add, are far more important to New York city and state than the mere election of Mitchel or McCall. If Tammany is defeated it will mean that its methods have been overwhelmed and with the tumble may fairly be expected to come the downfall of its leader, Murphy. This is a consummation admittedly sought by citizens represented in the Fusion movement.

TO BE TRIED FOR CHILD MURDER.

Minneapolis, Nov. 1.—A great deal of interest is manifested throughout the state in the case of Mrs. Ida Leckwold, whose trial upon the charge of having poisoned her daughter, Viola, nine years of age, is to begin here next Monday. In view of the fact that Mrs. Leckwold has confessed her crime, the case against her is quite clear and devoid of mystery, but it is the general opinion that in the course of the trial important evidence will be obtained that will throw light upon the death of five other children of the prisoner, who died under peculiar circumstances in the last eight years. It will be pleaded in Mrs. Leckwold's defense that she was infatuated with William Norman, a barber, considerably younger than she and that it was upon his suggestion that Mrs. Leckwold poisoned her daughter and tried to poison her husband and her other children.

Successful Herb and Root Remedy.
The study of roots and herbs, their character and power over disease, was what led Lydia E. Pinkham of Lynn, Mass., to produce for woman's ills the most successful remedy the world has ever known and while she passed to her reward some years ago, her work among suffering women is still carried on by trained assistants and many tons of roots and herbs are consumed annually in the manufacture of the now famous Lydia E. Pinkham's Vegetable Compound, as originated by her.—Adv.

NOTED POLO PLAYER MARRIED.

New York, Nov. 1.—The small Episcopal church at Westbury, R. I., was the scene today of the wedding of Miss Nancy Steele and Mr. Devereaux Milburn, the crack polo player who was the star of the American polo team in England in 1909, and one of the most notable defenders of the cup at the international contest in this city a few weeks ago. The marriage ceremony, which was witnessed only by a small number of friends and relatives of the couple, was followed by a reception at Sunridge hall, the country residence of the bride's parents, Mr. and Mrs. Charles Steele. A special train from New York carried a large number of guests to the reception and the hunting set of Long Island was well represented.

Pogue's Brilliant 50 Yard Run Scores Only Touchdown for Illinois While Stag's Warriors Score Two Touchdowns In Third Period and Two More In Fourth—Minnesota Administers Unexpected Defeat to Wisconsin.

CHICAGO, Nov. 1.—Chicago furthered their chances for a championship today by defeating Illinois by an overwhelming score of 28 to 7. A crowd of more than 25,000 witnessed the game. The visitors scored their only touchdown after three minutes of playing when Quarterback Pogue received a punt from Norgren and ran 50 yards for a touchdown. Captain Rowe kicked goal.

Chicago fought hard in the first half to score but lost the ball time after time after bringing it within a few yards of their opponents' goal. Fumbles and incompetent forward passes were the chief causes for Chicago's failure to score. In the second half Chicago rushed Illinois off their feet. At the end of the third quarter they had scored two touchdowns. In the final quarter Chicago scored two more touchdowns by using straight football bringing the final score 28 to 7.

Gophers Prove Too Strong.
Madison, Nov. 1.—The University of Wisconsin conference football championship was lost this afternoon when the University of Minnesota eleven administered an unexpected one-sided defeat. The final score was Minnesota 21, Wisconsin 3.

A very strong attack which Dr. Williams taught the Gophers proved entirely too strong for the Wisconsin system of defense. It took the visitors some time to get started but when they once got into their stride they kept Wisconsin backed up close to the goal and had it not been for fumbling might have scored at least two more touchdowns. The result of the game puts Minnesota in a position to contest the conference title with the University of Chicago and their coming contest at Minneapolis will be the chief event of the 1913 season in the middle-west.

The vast majority of the spectators today wore Wisconsin colors and rooted madly after Minnesota's second touchdown. When the cardinal defense crumpled many of their adherents became discouraged and there was a constant exodus from the stands until the end of the game.

The game was one of the fiercest ever played in Madison and substitutions and injuries were numerous. Tollefson, quarterback for Minnesota was the most seriously hurt. Both teams showed an excellent polish in their attack and about equal rugged work on defense. The Minnesota, however, possessed more fighting spirit and used it to good advantage. The game was remarkable for the absence of long runs; except one or two kicks; there were but half dozen gains of over fifteen yards and both teams were forced to punt on the fourth down with unusual frequency. In this department Minnesota clearly outshadowed Wisconsin although Bellows' kicking with the wind at his back of the first quarter was hardly effective.

Drake Trims Washington.
Des Moines, Nov. 1.—By a series of brilliant plays and a good line sprint of fifty yards by McCormick Drake was able to roll up a score on Washington here this afternoon and kept up the pace to the end, score Drake 32, Washington 17.

In the last quarter, Crull's run of forty-five yards on a straight buck, putting the ball on Washington's 25-yard line, permitted him to go over for the last touchdown.

Washington appeared to have had luck with forward passes. In the second quarter Milford of the Washington team got away for a long run and went through the line for a touchdown and Lewis rounded the score with a goal kick. Washington's other score came in the third quarter.

Harvard Wins Easily.
Cambridge, Mass., Oct. 1.—The strength of the Crimson first line players and the weakness of the second string men were brought out in Harvard's game today against Cornell which the Crimson won with apparent ease 23 to 6. While Brickley, Hardwick, Captain Storer and others of the regular Harvard players were in the line-up touchdowns were scored in each of the three periods and Brickley added his customary goal from the field. Cornell was held back of the middle of the field and was a negligible figure for three periods. In the last fifteen

minutes Coach Houghton sent his substitutes into the game and they crumbled against the Ithacan onslaught. Although they made a game stand and held Cornell for three downs, they could not prevent a score of the fourth rush.

Michigan Wins Over Syracuse.
Ann Arbor, Mich., Nov. 1.—A savage offense, the product of a desperate eleven, gave the University of Michigan football team 43 to 7 victory over Syracuse this afternoon. During the first two periods the Orange line melted against a whirlwind attack which produced touchdowns after touchdowns.

Syracuse braced in the third quarter and gave Michigan a battle. In the closing minutes of play Syracuse made a game rally. Castle contributed four brilliant runs and a 23-yard dash by Travis enabled the easterners to cross the Michigan goal.

Penn State Defeated 17 to 0.
Philadelphia, Nov. 1.—The University of Pennsylvania football team with the help of the trick plays and good generalship defeated Pennsylvania State today by the score of 17 to 0.

Superior Football Beats Yale.
New Haven, Nov. 1.—Colgate found Yale's much vaunted defense more of a tradition than an actuality today and defeated the blue 16 to 6 by superior football. It was the first time this year that Yale has been scored upon and Colgate goes down in the football hall of fame as one of the very few colleges in the country to defeat Yale.

Carlisle Wins in Easy Fashion.
Washington, Nov. 1.—Resorting in the main to straight football but varying the attack with a forward pass or criss-cross formation, the Carlisle Indians overwhelmed Georgetown university here today 34 to 0.

The Indians battered Georgetown's line repeatedly and the local collegians were on the defensive practically throughout the game.

Navy Wins in Walkaway.
Annapolis, Md., Nov. 1.—Navy's football eleven easily defeated the Lehigh university team here today by the score of 29 to 0.

The game was marked by long tearing plunges through the line on the part of the navy and in addition there were two runs of nearly the entire length of the field, these being credited to Miles and Nichols, who went in as substitutes in the last period.

Ohio State Defeated.
Columbus, O., Nov. 1.—Although outplayed in all but the last quarter of today's game with Ohio State, Indiana came out of the contest with a 7 to 6 victory. A fumble by Fullback Graf, who had dropped back on a fake punt in the last period, was responsible for Ohio's defeat.

Holycross is Swamped.
Princeton, N. J., Nov. 1.—Princeton's reconstructed football eleven defeated Holycross this afternoon by a score of 54 to 0.

The visitors never threatened Princeton's goal line.

Game Results in Tie.
Milwaukee, Wis., Nov. 1.—Marquette and Lawrence in a 14 to 14 game here today failed to decide the state college championship. Lawrence was leading by 14 points at the end of the third quarter and had outplayed the Milwaukeeans at all stages. In the final session, however, Marquette worked forward passes with such precision that they tied the score within eight minutes of play.

Claim Record Score.
Iowa City, Ia., Nov. 1.—The Iowa City High school team made what they claim to be a record football score when they defeated the Marshalltown High school team 106 to 0 today.

Cornhuskers Win From Ames.
Ames, Ia., Nov. 1.—Ames outplayed Nebraska for one quarter this afternoon scoring nine points in the first but the Cornhuskers came back with a terrific attack, interspersing fierce line plunges with forward passes. The final score was Nebraska 18, Ames 9.

Nebraska's first touchdown came by the same forward pass which they used to defeat Minnesota at Lincoln.

Ames started with a rush, turning loose a series of line smashes that

ripped the Nebraska line to pieces. Brennan, Ames' quarterback, did all the scoring for his team. Early in the first period he caught Howard's punt on his 20-yard line and raced through the whole Nebraska line for a touchdown. A little later he dropped kicked successfully 43-yards from a difficult angle.

Beck hammered the ball across the Ames line in the first play of the second quarter. In the third period Beck smashed the ball over again after it had been brought down the field on line plays. Halligan went through center in the fourth after the ball had been brought down the field by heavy onslaughts against the Ames line.

Cadets Badly Outclassed.
West Point, Nov. 1.—The Army was beaten by Notre Dame today by a score of 35 to 13. The cadets were outclassed in every department of the game and except in the second quarter when they scored both touchdowns, they looked like novices besides the westerners.

Notre Dame's Long Forward Passing and Pretty Open Field Play was Spectacular and a Revelation to Eastern Football Enthusiasts. Out of fourteen attempts with the forward pass play the westerners succeeded in making twelve good for long distance gains.

Missouri Easy Winner.
Columbia, Mo., Nov. 1.—The Missouri University team this afternoon defeated the team from the Rolla School of Mines by a score of 44 to 14 in a game in which the Rolla players were helpless before the onslaughts on the university. Sensational scoring marked the final period. Rolla making one touchdown and Missouri three.

FEDERAL LEAGUE OFFICIALS WILL GRASP OPPORTUNITY
If Major Leagues Deny Players their Demand Federal League Officials Will Raid the Majors' Stars.

Chicago, Nov. 1.—In the impending clash between the ball players' fraternity and the major league, officials of the Federal League see their opportunity to make their organization a power in the baseball world, according to a story published here today. If the reforms asked by the players are, for the most part, refused and Dave Fultz, spokesman of the fraternity, is denied recognition the new league will attempt a raid on the National and American leagues believing that the players will stand by their reported resolution to refuse to sign contracts without the numerous new conditions they demand.

History shows the players in former cases have refused to stand pat and run the risk of their salaries. But Federal league magnates and officials contend that conditions now are different. The federal league has played through a season, paid its players, secured a good working association of magnates and has become fortified with ample money to carry on a war with the big leagues, they contend.

Baseball men in Chicago, conversant with the situation say the players have the whip hand just now to force the magnates to acquiesce in their demands. The federal league has a cash fund they say resulting from interesting several capitalists in the third league venture and is prepared to make flattering offers to major league stars.

Refuse to Deal With Fogel.
Indianapolis, Ind., Nov. 1.—The board of directors of the Federal league here tonight decided to declare war on the major leagues of organized baseball, admitted Buffalo, N. Y., and Baltimore to the circuit, making it an eight club organization and refused to have any dealings with Horace Fogel, representing Philadelphia capitalists.

MICHIGAN STUDENTS WILL REGISTER ATTITUDE BY BALLOT
May Decide Advisability of Michigan's Return to Western Intercollegiate Conference.

Ann Arbor, Mich., Nov. 1.—The attitude of the University of Michigan students, alumni and faculty relative to the advisability of Michigan's return to the Western Intercollegiate conference will be registered Monday, Tuesday and Wednesday by means of a popular vote taken under the auspices of the Michigan Daily, the official students' publication of the University of Michigan. The vote will be polled among students and faculty in special ballot boxes placed throughout the university buildings. When the vote is complete the petition will be presented to the board of regents in time to be acted on at the meeting of November 14, at it is established in the opinion of the Michigan Daily that the regents alone have the power to put the Wolverines back into the conference.

SQUAW WINTER.
In the early days of settling Ohio and other states, the first cold snap sent the Indians to their camps and then the settlers would rush work day and night, but when the warmer, hazy days followed, the Indians went out for their last fall hunting and incidentally would attack the settlers. The names Indian summer and squaw winter are not Indian lore, but are expressions adopted by the whites in the Indian regions.

GREEN CASTLE, Ind., Nov. 1.—One hundred persons or more, most of whom were women, were hurt, eight seriously, when the bleachers on DePauw University athletic field collapsed just before the DePauw-Rose Polytechnic football game this afternoon. It was estimated that more than 700 men and women were on the bleachers when they went down.

Members of both football squads did good work in disentangling the twisted mass of lumber and humanity. The eight believed to have been the most seriously injured are: Chester Dalleyple, Terre Haute, legs injured.

Mrs. H. Foster, Green Castle, injured from shock.
Miss Eugenia Pickett, Green Castle, back wrenched.
Mrs. R. A. Foster, Indianapolis, left leg crushed.
Ray Wade, Indianapolis, neck lacerated.
W. J. Wheeler, Evansville, internally injured.
Miss Gladys Light, Terre Haute, ankle dislocated.
Miss Florence Dillman, Connersville, leg broken.

The swaying of the crowd in cheering the DePauw team as it came on the field is believed to have been the immediate cause of the collapse.

Billy Sunday

On Saloons

Sermon Delivered at the Tabernacle, in Columbus, Ohio Sunday, January 26th.

The open saloon is the most damnable, sin-reeking, health-destroying, home-breaking, filth-breeding monster that ever staggered out of hell.

You say the saloon is all right in its place. Yes—and its place is in hell.

I defy any man to show me that the saloon has ever lessened the burden of taxation.

I defy any man to show me a town that has saloons where the taxes are lower than in a town without saloons.

Eighty-two per cent of all the crimes are caused by liquor.

Five poisons, New York, was a spot as near hell as any spot on earth.

The licensed liquor business is the cause of three-fourths of all the cost of criminal system.

To license such a thing as the saloon is the most low-down stinking thing the American people can stoop to.

Booze is the parent of crime and the mother of sin.

To license such an incarnate fiend of hell is the dirtiest most damnable business on top of this old earth.

They've lied about me for years, all up and down this land; and the blackest liar of them all is that dirty old imp of hell out there in Chicago, old Windle.

If you would throw an emetic into hell, and it would vomit up all its hideous vileness, about the astarchangel thrown out would be better than Windle, in my estimation.

The saloonkeeper takes your decency and your manhood. The murderer only kills your body. The saloonkeeper kills your soul.

I stand for civil liberty. Damn the kind of personal liberty you advocate.

The saloon may pay you an extra dividend and you'll get it in the shape of delirium tremens.

You'll always find the saloon in alliance with corrupt politics. It fights every movement for good government and for the uplifting of men.

Good government is not approved by groggeries.

The saloon is a liar; it promises good cheer and sends sorrow. It prompts the man who outrages woman's virtue. It lights the fires in the soul of the man who commits a crime against a little girl.

It is the moral clearing house for rot, and degradation, and poverty, and insanity, and it wrecks homes and blights lives.

It is God's worst enemy and the devil's best friend.

The saloon needs two million boys a year to take the place of the drunkards who die off or are sent to the penitentiary.

The saloon cocks the highwayman's pistol. It puts the rope in the hands of the mob. It is the anarchist of the world, and its dirty red flag is dyed with the blood of women and children.

The saloon is outside the pale of respectability and the saloon-keeper is out there, too.

PRINCIPAL C. E. COLLINS

The first issue of the Jacksonville High school Nautilus in speaking of the new principal of the high school says:

A few years ago a new Students' association was organized in our Jacksonville High school. After some two years existence, it began to fall slowly away, until by the time Mr. Gore accepted the principalship of the school, it was a thing of the past. But when school opened this fall, circumstances had changed and conditions were favorable for the reorganization of the association. And with this change came a man perfectly fitted for the task. This man was our new principal, Mr. Charles E. Collins.

Mr. Collins is by nature a leader. He is a man who inspires confidence in all with whom he comes into contact. He is a man of marked ability, and above all, he is a man who does things.

No sooner had he arrived than he revived enthusiasm in a new students' association. A constituent committee was appointed, and as its temporary chairman, Mr. Collins drew up a constitution very liberal to the student body. This constitution was adopted by a unanimous vote, and with the election of officers from the student body, Mr. Collins quietly stepped into the background.

Mr. Collins is able to give such liberties to the student body, because, by his personality he can mold the school opinion to his own ideas; he can make his principles and his ideals, the school principles and the school ideals. And although he is in the background, yet by his moral influence and recognized ability, he is really guiding and controlling the association; and its destiny depends, to a great extent upon him. So conscientious and so energetic, he will have back of him the whole student body and will form many close and lasting friends. Not only by his personality, but by his preparation and training as well, Mr. Collins is able to cope with his responsibilities, for he comes to us after wide experience in school work, business and travel.

Mr. Collins was born on a farm in Greene county, Illinois, where he spent his early life, working on the farm in the summer and in winter attending the village school. He then attended the Greenfield High school for two years and afterwards taught school two years at Pleasant Hill. At the end of this time he entered Illinois Wesleyan university, and was graduated with the degree of B. S. Then followed five years of work in various schools, first as instructor, then as high school principal, and last, as superintendent. But Mr. Collins longed for the law as a profession, so he resigned his position as superintendent, and after reading the required time, was admitted to the bar. He afterwards graduated from the Illinois College of Law, receiving the degree of L. L. B. His travels extend through thirty-eight states and through parts of Canada and Mexico. Before coming to this city, he had successfully practiced law in Chicago for a number of years.

With Mr. Collins at the head of our faculty, the community, as well as the school, will be greatly benefited. With his uplifting morals, his valuable influence, and his broad views he can be only an advantage, and the citizens of Jacksonville may well congratulate themselves on securing such a man to head their high school.

SUNDAY SCHOOL WORKERS
CLOSE INSTITUTE SERIES

Last Meeting at Meredosia in Charge of Mr. DePew and Miss Maus.

An all-day session Friday in the Evangelical church at Meredosia closed the series of institutes under the auspices of the Morgan County Sunday School association which have been in progress for the past two weeks. The speakers were Clarence L. DePew, state Bible school superintendent of the Christian church, and Miss Cynthia Pearl Maus of St. Louis, editor of the 'teen age literature for the Christian Board of Publication. The topics discussed included the graded school and the graded lesson, 'teen age work, the adult class and temperance activity and pledge signing. Pledge singing has been emphasized throughout the series. It being the intention of the association to have the Sunday school pupils in all parts of the county sign temperance pledges on the World's Temperance, Sunday, Nov. 9.

The afternoon session was held in connection with the annual Meredosia Precinct Sunday School Convention at which the following officers were elected for next year: President, W. G. Looman, vice president, Dr. H. H. Hammon and secretary, Miss Lena Kappal.

The institute Thursday at Chapin was held in the Methodist Protestant church and was addressed by Miss Maus, Nellis Crain, Arthur Swain and the Rev. Clyde Darsie. Besides the regular topics relative

to the Sunday school work, there was a discussion of teacher training, by Rev. Mr. Darsie.

FROM REV. H. S. ALKIRE.
Bloomington, Ill., Oct. 30, 1913.
Dear Journal:

I've been threatening and threatening to make good my promise to drop you a line, but this moving business is not half what its "cracked" up to be, and since being settled, I've found plenty to absorb the days. We have been royally received in this bustling Bloomington city, and our work opens and angurs well. All the family is quite well and getting adjusted to the new surroundings.

We have been glad to greet several Jacksonville folks in our church services. Mr. and Mrs. Van Winkle, Mr. M. L. H. Greth and Dr. W. P. Duncan, while Innis Alkire and C. C. Foster of Chapin were among the recent visitors. Always glad to welcome any one from the good old town. We were sorry to hear of Mr. Knollenberg's illness, and glad to know he is improving. He was a capital neighbor and friend.

I want to most enthusiastically commend your able defense of the local option principle as it applies to Jacksonville. The Journal is surely doing its full share in this campaign.

I would suggest that after the election the new 'reverend' remain and open a revival service in your city. I wonder how many of his saloon supporters would go to hear him preach after vilifying as he has? We fear it would be a case of 'The

blind leading the blind. His presence and utterances have been the greatest help the dries could have had. Few could hold respect for a minister who would become the paid agent of the liquor traffic, and still flaunt his ministerial claims in the public face.

But then, old Jacksonville is doomed to stay in the saloonless column, and the noble women of your city will see to it that the margin will be 500 this time. If you

want to see the daily product of open saloons, come up here. I saw more drunks in one week here than in all the seven I have known Jacksonville. And the daily police court records will tell the truth. And just last week the police pulled two joints for "boot-legging." Think of it—boot-legging right here in a wide open town!

My very best wishes to everybody. Yours most sincerely,
Hy S. Alkire.

MUST NOT TRAVEL IN
MUD ON DRAGGED ROADS

Association of Road Commissioners and Clerks Calls Attention to Law Violations Which Injure Roads.

At a meeting of the Morgan County Association of Road District Commissioners and Clerks held Saturday special emphasis was given to the fact that farmers are frequently violators of the law relating to driving on dragged roads which are muddy. Other matters were also discussed and the session was one of general interest.

The law provides that a man cannot drive on a road which has been dragged, just after a rain or when the condition is such that by so doing he cuts into and damages the road. Instead of driving on the crown of such a road it is the duty of the driver to keep off to the side of the road and so keep the portion dragged from being damaged. A little attention to this matter from people who use the country roads will take care of this important matter as it is doubtful if anyone would deliberately do damage to the highways.

IF YOU ARE A
DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

When you stop "drinking" think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over. Armstrongs' Drug Store, southwest corner square.—Adv.

To abolish the home saloon
To abolish the keg parties
To abolish bootlegging
To abolish blind pigs

VOTE NO

We never had any of these under license.

**Why You Should
Vote No**

Reason-religious teaching of Christ and morality—and experience are all in favor of temperance. The local option law would prohibit the sale only. The so-called "DRYS" have not claimed that it is wrong to drink; but they are asking the voter to continue a program that prevents the poor man getting it without the time, trouble and expense of sending away for it to some other town. The cellars, particularly in the west end, are full of wines beers and liquors. The poor man's saloon is the much talked of keg party indoors. The boys and sometimes the girls have keg parties out of doors or away from home. On Sunday, October 12, we found nine such parties and this was Sunday morning. The beer shipments to this city for the past year exceeded \$100,000. As a result, we have booze demoralizing our home life and young people. We are building up the surrounding towns, helping them to furnish streets, sidewalks and good street light; while our city streets are worse than a country road, our sidewalks not being kept up and all improvements must be paid by the merchants and property owners. Our lighting system is a disgrace. The public square is lighted by the merchants. The people grope their way everywhere else. The city's finances are in a deplorable way, nearly \$37,000 has been drawn on the taxes due next year in anticipation warrants. The 75 per cent has been reached and still we have no lights. What would you, my readers, think of a business man who conducted his business the way some of the people want to handle the liquor traffic. Buying out of town, training our people to send their money elsewhere? All for what. Because a few men get drunk and a few saloon-keepers were allowed to evade the law. Shall we continue to provide nothing for 80 per cent who use beers, wines, etc., and drive over \$100,000 a year in trade away, and spend another \$100,000 with the brewer and distiller without a cent of revenue locally—and no regulation? Or, shall we license a few well regulated saloons and do business in a sensible way?

This association was not organized as some have claimed, for this campaign alone. It is a permanent organization—for a better city, better streets, better lights, better business. And this Association has prepared an ordinance for the regulation of saloons and has pledged itself to its adoption and rigid enforcement. No saloon man or interest drew the ordinance, neither will they be consulted in its enforcement. The majority of the City Commissioners have given us the positive assurance that they are in favor of a strict ordinance, such as we have prepared, and that it will be enforced to the letter. Under such regulating, which is now being successfully done all over the country, there would be less drunkenness, better beverages and some revenue for public improvements. Under the existing conditions it would be far better for our city in every way. Unless this is done, taxes must be raised to meet the city's needs. For the moral as well as the business, property and public welfare, we should take a sensible view of this question and vote NO on Tuesday.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

COMPLETE STAGNATION PREVAILS IN STOCKS

LITTLE PROSPECT OF MUCH BUSINESS BEFORE MIDDLE OF WEEK.

Some of Leaders Ease Off Slightly at the Opening—Buying That Followed Was Effective in Raising Prices.

(By Associated Press)

New York, Nov. 1.—All signs pointed to a dull stock market today and traders accordingly were not disappointed by the complete stagnation throughout the session. With a holiday in London today and one in the home market Tuesday, there was little prospect of much business before the middle of next week. At the opening today there was a slight easing off of some of the leaders.

Buying that followed was effective in raising prices slowly. Among some inactive issues the movement was wider. Mexican petroleum, which lost seven points yesterday, broke three more to 54, a new low record.

American Insured shares were again prominent. The common rose 1 and the preferred 1½, extending the week's gain of the preferred to 9 points. American Tobacco broke 6 points.

Pennsylvania's September statement was unfavorable. The eastern Pennsylvania lines showed a decrease in net of \$295,000 and the western lines of \$222,000.

The strain in the money market in connection with the turn in this month was reflected in the bank statement.

For the first time in almost a year, the clearing house banks reported a deficit at the end of the week.

The cash loss of \$7,330,000 was much larger than had been looked for and at the same time there was an increase in deposits of nearly \$2,000,000.

PLACES WEIGHT ON WHEAT PRICE

OKLAHOMA PLACES ACREAGE 30 PER CENT LARGER THAN LAST YEAR.

Corn Prices Sagged Because of Sharp Break at Liverpool and Owing to Fine Weather Favoring the Movement to Market Here.

(By Associated Press)

Chicago, Nov. 1.—Oklahoma's official reports of acreage 30 per cent larger than last year and of growth conditions the best in a long time put a weight today on the price of wheat. There was a heavy feeling at the close which was ¼¢ under last night. Corn finished ¼¢ to ½¢ off and oats down ¾¢ to 1¢.

The outcome for provisions varied from unchanged figures to 7½¢ decline.

Argentine prospects were of a character to discourage the bull side and so too were lower quotations from Liverpool.

Attempts to rally wheat proved failures without exception.

Corn sagged because of a sharp break in prices at Liverpool and owing to fine weather favoring the movement to market here.

On the decline an excellent demand for cash corn sprang up, but the future deliveries weakened again under stoploss selling by prominent firms. Pressure of imports from Canada made oats rule heavy. The market suffered too from an excess of week-end liquidating sales by longs.

Although provisions at first weakened with hogs, prices later displayed a relatively firm tone. The change of sentiment came about chiefly through bullish estimates of what would be shown by the monthly statement of the warehouse stock oflard.

Tackle Catarrh Now Be Free All Winter

Avoid Colds, Stall Pneumonia, Keep Your Nose Clear and Your Throat Free.

Don't Wait Till You're All Bugged Up. Use S. S. S. Now.

If you will get into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But don't let anyone work off that old trick of something "Just as good."

S. S. S. is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal components of S. S. S. are relatively just as essential to health

balanced health as the nutritive properties of the grains, meats, sugars, and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write to The Swift Specific Co., 202 Swift Bldg., Atlanta, Ga.

NEWS FORECAST FOR THE COMING WEEK

Washington, Nov. 1.—In the Tuesday elections Massachusetts and New Jersey will choose governors and other state officers. Maryland will express its choice for a United States senator, while New York and several other states will vote for minor officials and members of the legislature.

Congressmen will be elected to fill vacancies in the Third district of Massachusetts, Third district of Maryland and the Thirtieth and Twentieth districts of New York.

Three congressional elections, together with the state elections in Massachusetts and New Jersey, are focusing national attention to a remarkable degree for an off year.

But attracting even more popular attention than the state elections is the national contest in New York city, where a formidable opposition has united under the Fusion standard in an effort to defeat Tammany hall.

Of much local interest and importance, also, are the municipal elections to be held in Philadelphia, Pittsburgh, Buffalo, Cincinnati, Indianapolis, Louisville and a number of other cities. In nearly all of these municipal contests the reform question is the dominant issue.

Final arguments in the government suit for the dissolution of the International Harvester company, capitalized at \$140,000,000, will be heard at St. Paul Monday. Attorney General McReynolds will appear in person to insist that the stock of this corporation, if dissolution is ordered, shall be disposed of under such stringent provisions as will make impossible a joint control of the corporation at any future time.

The little Republic of Panama is preparing to celebrate on Monday the tenth anniversary of its independence from Colombia and coming, as it does, soon after the turning of water into the Culcra cut, there is likely to be a continuous round of celebrations lasting for some time.

The hearing of Harry W. Jones, secretary-treasurer of the International Association of Bridge and Structural Iron Workers, is scheduled to take place Wednesday before a United States commissioner in Indianapolis. The charge against Jones is conspiracy to transport explosives illegally, which is the same charge on which President Ryan and 37 other officials and members of the union were convicted and sent to prison some months ago.

Leading social purity workers of the world will assemble in Minneapolis Friday to attend the seventh international congress of the World's Purity Federation. The congress will continue its sessions for five days.

THE BOOTLEG BRAND OF WHISKY.

The following contribution to the Journal shows that it is not whisky of the bootleg kind alone that does mischief:

The recent speaker at the Opera house may be acquainted with a brand of bootleg whisky that made a cub bear climb a tree, but that liquid refreshment was strawberry soda as compared with the effect of the superior stuff sold by well regulated licensed saloons that existed in Jacksonville before it became anti-saloon territory. This is what it did for men of splendid heredity, physical and mental development, education, environment and opportunity. It made them beastly drunk. They cried out like wild animals and threw themselves against the prison bars until it required the constant attention of hypocritical prohibitionists to restrain them and protect their lives. It caused them to see green, pink horses and snakes of all sizes and descriptions and landed them in the insane hospital. They became hopeless inebriates and were only relieved by death from alcoholism. It caused them to lose high salaried positions and humiliated and wronged their defenseless wives and children. It wrecked the lives and removed from this community some of the most likeable and lovable human beings that the Almighty ever created. And please, remember this stuff was sold in licensed, well regulated saloons.

ILLINOIS SUFFRAGETTES

TO MEET IN PEORIA

Gathering is for Purpose of Discussing Some of the Problems Now Confronting Voters—Is 45th Annual Convention.

Peoria, Ill., Nov. 1.—Illinois suffragists victorious in their fight for the ballot, will gather here next week to discuss the problems now confronting them. The meeting will be the 45th annual convention of the Illinois Equal Suffrage association and the first since the passage of the woman suffrage law.

Some of the subjects to be considered are as follows:

The responsibility of the elective franchise.

The machinery of practical politics.

Organization for the efficient use of the ballot.

The power and responsibility acquired by women through the elective franchise.

The civic obligations of the women of Illinois.

The relation of legislative power to social and economic problems.

The relation of the vote to every-day life.

Political parties and platforms.

Nominating, campaign and election methods.

Political machines and bosses and remedies for legislative evils.

In the call for the convention, the following admonition to the delegates:

"Come filled with enthusiasm to plan for a great campaign of state co-operative work. The immediate success of those seeking equal suffrage in our sister states and the winning of our own full enfranchisement will depend largely upon the record Illinois women make in the use of the ballot. We must plan to register the highest percentage of women voting recorded in suffrage history. We must plan to effect and enforce legislation of justice."

The general topic of discussion will be "The Responsibility and Use of the Ballot." Three hundred delegates and the same number of alternates are expected to attend.

United States Senator Lawrence Y. Sherman, Lieut. Gov. Barratt O'Hara and Wm. McKinley, speaker of the state house of representatives, are expected to be among the men speakers. Leading suffragists of Illinois, among them Miss Jane Adams, also will address the gathering. The opening session will be held November 6th.

MONDAY NIGHT AT THE OPERA HOUSE.

HON. C. A. WINDLE OF CHICAGO WILL SPEAK ON "THE OLD WAY AND THE NEW." FREE TO ALL.

JACK LONDON ON JOHN BARLEYCORN.

Thousands of people who have charmed with Jack London's stories have learned for the first time, from his confession below, what a slave he is to the cup that intoxicates. Here is what he said of John Barleycorn a few weeks ago in the Saturday Evening Post:

"Temperamentally I am a whole-some hearted and merry. Yet when I walk with John Barleycorn, I suffer all the damnation of intellectual pessimism."

"I ride out over my beautiful ranch. The air is blue. The grapes on a score of rolling hills are red with autumn flame. * * * I have land, money, power, recognition from the world. * * * Yet with all this good fortune I am sad. I am sad because John Barleycorn is with me, because I was born in what future ages will call the Dark Ages before the age of rational civilization. John Barleycorn is with me because in all the unwitting days of my youth John Barleycorn was accessible, calling to me and inviting me on every corner, and on every street between the corners. The pseudo civilization in which I was born permitted everywhere licensed shops for the sale of soul poison. The system of life was so organized that I—and millions like me—was lured and drawn and lured to the poison shops."

FRAIL, WEAKLY CHILD

Made Strong by Vinol.

So many cases like this are coming to our attention for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity we publish the following letter.

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol, and we noticed a change in him from the very first. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol."

This is because the child needed the strengthening cod liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give back your money if Vinol does not benefit. Lee P. Alcott, druggist, Jacksonville, Ill. P. S.—For rough, scaly skin try our Saxo Salve. We guarantee it.—Adv.

London, Nov. 1.—Surgeon General Sir David Bruce, accompanied by Lady Bruce, sail today from Southampton on the steamship Edinburgh Castle for Cape Town, to conclude the investigations previously made by Sir David into the nature and origin of the sleeping disease prevalent in Central Africa. They will travel from Cape Town by train to Beira and from that place they will go up the Zambezi and Shire rivers to Lake Nyassa.

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causing Dandruff, Then Hair Falls Out—Try This Next Time.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Kowloon's Danderine from any drug store or toilet counter and try it.—Adv.

FAVORITE BASE BURNERS

FOR WINTER COMFORT

"It's all in the flues"

"Finest Heating Stove in the World"

We Can Save You Hundreds of Dollars on Coal-Bills

We can do it with a Favorite Base Burner. The Favorite will save at least two tons of coal every year it is in use. Two tons of hard coal cost \$14.00. If properly taken care of, the Favorite will last at least 25 years. Total saving, \$350.00. Perfectly clear, isn't it, and more than that, perfectly true.

The Favorite has features that make it the most wonderful and economical heating stove in existence—and these features are all patented.

You may now have some other base burner in your home. Never

mind that. Come to us, and we will exchange it for you, allow you a good price and put in one of the Favorites. You may as well save the price of two tons of coal this winter as not, and the Favorite will do it for you. It is the only base burner that will. We will back all of these statements and claims with a personally signed guarantee—put it in black and white if you want it.

Place the Favorite in your home. Try it all winter if you want to. If you do not find it just what we have represented it to be, and what others have found it to be—bring it back. We will refund your money.

Ask any other dealer to put their stoves to such a test. They would not dare do it. We can, because we know what the Favorite will do, and we know what it has done in scores of homes right here in this vicinity. That is why we can make such a liberal offer and know positively the stove will make good.

Come and see us and we will talk it over. Remember, we are willing to let you have the use of the Favorite all winter for nothing if you do not find everything we have said about it to be true. We will make terms to suit—cash or easy payments.

Reference**(ADVERTISEMENT)****TWO INCIDENTS**

The Episcopal Church now in Quadrennial Conference at New York City received a communication from the national W. C. T. U. now in session at Washington, D. C., asking the church to substitute unfermented wine for fermented wine, and the communication was not even presented.

The second incident is the refusal of the Anti-Saloon League Committee to give our speakers a chance to be heard on Sunday at their meetings. The voters who heard both sides Thursday night will judge who is right. But there were hundreds who did not hear both sides; and in the interest of fairness we asked a return of the courtesy we extended them, i. e., to speak in some of the league's meetings on Sunday. This the league refused. A position that cannot be defended is not entitled to an honest man's or woman's vote.

In taking a last sad farewell of these self-appointed guardians of our liberty loving people, let me say that a committee of one hundred temperance leaders will meet at Columbus, Ohio, on the 14th, and the Anti-Saloon League is not running it. I wonder why? Think it over and VOTE NO.

Notice to Poultry Raisers

We are now manufacturing, under state license, the best brand of chicken food on the market, known as "SUPREME CHICKEN FOOD." This food is far superior to any brand of chicken food on the market today. It is guaranteed under the Pure Food & Drugs Act, June 30, 1906, serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT	6 to 8 per cent.
PROTEIN	22 to 24 per cent.
FIBRE	7 to 9 per cent.

WHAT IS "SUPREME CHICKEN FOOD?"

It is a combination food consisting of meat scrap, steamed bone grit and a small percentage of clam shell grit; all clean and in a uniform size, and can be fed to large and small fowls. "SUPREME CHICKEN FOOD" is guaranteed to make your hens lay. It is the only ideal food for fall and winter use. Put up in 50 and 100 pound bags.

Price per 50 pound bag	\$1.50
Price per 100 pound bag	\$3.00

We are also manufacturing, under state license, the best brand of hog food on the market, known as "SURE FATTEN HOG FOOD." It is far superior to any brand of hog food on the market today. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT	10 to 14 per cent.
CRUDE PROTEIN	52.50 to 60 per cent.
CRUDE FIBRE	1 to 3 per cent.
PHOSPHATE	10 to 12 per cent.

WHAT IS "SURE FATTEN HOG FOOD" TANKAGE?

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil-meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sacks, plainly marked "SURE FATTEN HOG FOOD." Analysis as above. It is the ideal feed to balance rations.

WHAT "SURE FATTEN HOG FOOD" TANKAGE DOES.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby saving one-third of the feed bill, one-third of the labor, one-third of the risk, increasing profits one-third.

It grows better proportioned hogs, more meat and more fat, hence market-topper hogs. "SURE FATTEN HOG FOOD" Tankage fed hogs ship well with small shrink. While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that "SURE FATTEN HOG FOOD" TANKAGE fed hogs are universally healthy. Manufactured by the

**Practical Overcoats!**

There was a time when Overcoats were either style garments or storm garments. Not so now

The present vogue for heavy materials, such as Chinchillas, Shetlands, etc., the shawl or convertible collars, and the three-quarter or ulster-ette length, so combine comfort with style as to make the most fashionable service garments. We emphasize this in the large variety of Overcoats we are showing now.

This is the logical store to buy your Overcoat, where style and price are equally as pleasing. Prices range from \$7.50 to \$30.00.

It is said that there is quite a good sized encampment of weary travelers near the city and they carefully note and mark all places where hospitality is likely to be dispensed.

KEOKUK PROVED EASY

Iowa High School Squad Was Taken Into Camp by Jacksonville Eleven by Score of 33 to 0.

Keokuk High school football eleven proved an easy proposition to Jacksonville yesterday on the Iowa field, the score being 33 to 0. The score does not represent the interest of the contest, however, for the Keokuk boys played a plucky game from start to finish. J. H. S. had their regular line-up and in Killbuck, Keokuk found a puzzle which they could not solve. Good treatment was accorded the bunch and the game passed off without any mishaps to either team.

A STORY OF LIQUOR.
Rev. I. D. Merriweather has left at the Journal office a touching story showing what whiskey will do.

A minister was waited on by a boy 14 years old, on crutches, the only support of three little sisters whom he kept from want by selling papers and blacking boots. The child's father was to hang next morning for wife murder and it was "whiskey that did it" and the minister was asked to go to the prison and pray with the convict. The latter was convulsed with grief at the thought of leaving his poor children. He had no recollection whatever of injuring his wife but must have been crazed at the time with drink. When sober he was kind and dutiful, an industrious and faithful man to his family but whiskey was his undoing. His life went out next morning, the body was sent to the wretched hovel occupied by the ragged children and their grief was awful to behold; it was "whiskey that did it."

From a bushel of corn the distiller gets four gallons of whiskey. The farmer gets today 60c; the government, \$4.40; the railroad company, say 80c; the manufacturer, \$4; the drayman, 15c; the purchaser gets drunk; the wife gets haggard; the children get ragged; the politician gets office and the man who votes "wet" gets what? These are figures which Mr. Merriweather has compiled.

COLLEGE BOYS ARRESTED

Indulge in Street Parade Without License From City—Trial in Squire Dyer's Court Monday at 2 p. m.

A big crowd of Illinois College students were arrested this (Sunday) morning at 1 o'clock at the intersection of South Main street and E. College avenue, for indulging in a street parade without a license from the city. The boys were celebrating their victory in football over Wesleyan university and were on their way to the Woman's college, when intercepted by Night Captain Trahey and Officers Deatherage and Baker. When asked who was leader of the parade Durrell Hatfield was named. He was escorted to police headquarters, accompanied by the entire bunch of students, where he gave bond to appear in Squire Dyer's court Monday afternoon at 2 o'clock. The police stated last night that they had warned the Illinois boys not to hold a parade without a license and that they disobeyed. They were making the journey to I. W. C. via a southern route, instead of through the square as heretofore, in order not to disturb the patients at the hospitals.

Peter D. Megginson, the Republican candidate for county commissioner has served before in that capacity with great acceptance. He is high class farmer and business man and has the experience and judgment needed for the position. There should be minority representation on the board.

WAS HALTED BY BOY.
Mrs. Tighe, who is employed at the state school for the deaf reported that she was rudely accosted by a boy about 7 o'clock last night in front of the residence of Dr. Josephine Milligan on West State street. She stated the boy took her violently by the arm and then ran away. The police were notified but no one was found to answer the description given.

B. C. 3500

The first prescription was written on Egyptian stone 3500 B. C., and is now in the Metropolitan Museum, N. Y. City. The first prescription dispensed from our files was put up by Robert Hockenhull, senior, in 1872, and can be seen in our east side store window, together with others of same and subsequent years, down to the present time; nearly 50,000 of them in all.

These 50,000 prescriptions represent the accumulation of 71 years' continuous business, and when you take into consideration that in the last 25 or 30 years all the physicians have been dispensing practically all their medicines from their offices, it shows a record of work that we are justly proud of, both for our predecessors as well as ourselves.

This is the day and age of specializing in most all the arts and sciences. We specialize in that of dispensing physicians' prescriptions, and call ourselves the Prescription Specialists. Our intimate knowledge of drugs enables us to personally direct the compounding of them; the supervision of the filling of your prescriptions assures you that no error will be committed in the selection of the proper and purest drugs. Absolute excellence is our standard. We will not tolerate substitution. Our label is a guarantee of quality and we give most careful attention to every article which leaves our stores.

In order to carry out our Specialty we have opened (as you probably know), a prescription room in the Ayers Building, No. 201, for the exclusive compounding of physicians' prescriptions and family recipes. Hours 1:30 to 11:30 morning; 2 to 5 afternoon. We cordially invite you to call in and see our Prescription room. East and West Side Stores of Coover & Shreve can supply all your drug wants. We guarantee you perfect satisfaction, and are ready to promptly deliver any telephone order or call for prescription and return it to you after it is prepared.

WE WANT TO SERVE YOU.
